Shaheed Jeet Sing Marg ,New Delhi

(Through the Deputy Commissioner KVS Ernakulam)

Madam,

Sub : Priority of Vaccination to teachers reg:

I may be permitted to bring the following points for your kind consideration

There is an unfortunate and saddening fact that more than 65 teachers of various Kendriya Vidyalayas have already succumbed to the pandemic covid-19 and a substantial number of others are undergoing treatment for it. Despite the technological advancement, in the teaching learning process oral communication is still the leading tool in the system. Studies and experiences show that the post Covid effects can last for months and it may impair the oral communication for a long time . As a result it may affect the teaching learning process online as well as offline. Immediately after the summer vacation teachers are in urgent need to interact with the students and their parents. In addition to that many external examinations are scheduled for the coming months and many Kendriya Vidyalayas are the centers of such examinations.

In this context I implore your good office to kindly explore the possibility of arranging **prioritized vaccination** facility against the pandemic Covid-19 to the staff of Kendriya Vidyalayas in consultation with the Health Department or any other competent authorities at Regional / National level

Thanking you,

Yours faithfully

Suresh G
